**Results of 2025 language level survey (Sprachstanderhebung)**

Dear Parents  
Dear Guardians

Thank you for taking part in the language level survey (Sprachstanderhebung) at the beginning of the year.

Our evaluation of the questionnaire is as follows: Your child's current German language skills are not in line with their age. Language development is highly individual, and your child may still make great progress in the coming weeks and months.

It is important that your child has more contact with the German language. We recommend registering your child with a daycare centre (Kindertagesstätte) or playgroup (Spielgruppe). Attending at least twice a week will give your child the ideal support and help them to have the best possible start in kindergarten (Kindergarten).

We are enclosing a list of suitable daycare centres (Kindertagesstätte) and playgroups (Spielgruppe) together with our new brochure 'Mehrsprachig aufwachsen' (Growing up multilingual).

We would like to invite you to our **'Spielen und Lernen' (Playing and learning)** event from **6.30 pm to 8.30 pm on 22 May 2025**. Please see the enclosed flyer for more information on registration and the event schedule.

Many thanks for your valuable assistance!

Best regards
