Schaffhausen, April 2026

Results of small children's language level survey (Sprachstand Kleinkind), 2026

Dear parents
Dear caregivers

Thank you for taking part in the language level survey (Sprachstanderhebung) at the beginning of the year.

Many children grow up with multiple languages.
Every child learns languages at their own speed.

The language level survey shows how well your child understands and speaks German at the moment.

More contact with the German language is important for learning German.

We recommend that your child attends a playgroup (Spielgruppe) or daycare centre (Kindertagesstätte) on a regular basis.

Does your child already attend a playgroup (Spielgruppe) or daycare centre (Kindertagesstätte)?
Then we recommend that they spend more time there.

It would be good for your child to attend a playgroup (Spielgruppe) or daycare centre (Kindertagesstätte) at least twice a week.

This will make it easier for them when they start kindergarten.

We are sending you a list of playgroups (Spielgruppen) and daycare centres (Kindertagesstätte) in the city of Schaffhausen.

Do you have any questions, or do you need help registering your child?
Do not hesitate to contact us. We will be happy to help.

You will find more information about language development (Sprachentwicklung) and opportunities for small children and families on our website <https://fk-stsh.ch>.

Best regards
